# 15 Years Celebrating the Best

Often referred to as the “Oscars of the data center industry”, the DCD>Awards acknowledges the best individuals, and projects and teams who are driving our industry forward. Since 2007, the ceremony has remained the highlight of the industry calendar and the ultimate end-of-year celebration hosted in London. Following a virtual ceremony in 2020 viewed by over 2,000 people worldwide, we’re thrilled to be back for an in-person celebration this December at our biggest-ever venue.

“It’s fantastic to have initiatives profiled and promoted to the wider industry.”
