+ Infrastructure Leaders Dinner

Monday 4 December, 2017
Wyndham Grand Istanbul Levent

Roundtable debate will take place **16:00 - 18:00**, followed by a **Meet and Greet VIP dinner**.

Join IT leaders from Turkey at the pre-conference VIP networking dinner, to discuss the future of cloud and data center infrastructure and Turkey's growing prominence as a transcontinental hub between the east and west.

This year is a record-breaking year for the Turkish data center market driven by uptake in cloud services. The government is recognising the importance and benefit of a digitised economy, and as such are promoting investments in the Turkish data center sector.

IT executives from leading organizations are set to participate to discuss their unique IT infrastructure strategy in Turkey over a high-level VIP networking dinner.

Don't miss this unique opportunity to network with the industry's finest. Exclusive to one sponsor.

Exclusive to one sponsor only.

As a host you will get access to the following:

- Opportunity to engage with the industry IT executives from leading firms
- Opportunity to host up to 30 digital infrastructure leaders over dinner
- Access for you and your guests to a pre-dinner drinks reception with canapés and champagne
- Branding opportunities with your company logo
- Company logo in the event show guide and on the website

Participating organizations include:
